Introduction

Your Workspace are passionate about finding the best storage solutions for their clients that will help to support an agile and future-ready working environment.

Our Storage Wall products use all of the space available to create a bespoke, practical, and visually effective unit that can increase storage capacity and contribute to creating a more productive and engaging space.

About Us

As market leaders, Your Workspace have helped organisations around the globe transition to an agile way of working through their innovative furniture designs and smart storage solutions and, are helping to shape the future of the workplace.

As a proud British manufacturer, we have total control over every project we undertake. As a result, our Storage Wall products will never be off the shelf and will be made totally bespoke to each of our clients' specifications. From concept, to design, production, installation and beyond, we are on hand every step of the way to ensure your project is completed seamlessly.

Storage Wall

More than just a configuration of cupboards and lockers, our Storage Wall product is a highly adaptable and modular system which can be easily reconfigured to suit the confines of any space, no matter the shape or size.

Storage Wall can help to separate space to provide collaboration zones, create a practical storage unit within a corridor or communal area, or can be integrated into an office environment to help with space planning. Whatever your needs, Storage Wall utilises all the vertical space available to provide the ultimate storage solution for any sector and industry.

Work Wall

Make your space work better for you with our Work Wall designs.

Work Wall provides businesses with the perfect mix of traditional storage facilities such as lockers, cupboards and draws with a unique space to work from.

Work Wall is as flexible as it is practical and can be continually upgraded and adapted as your workspace needs change.

Choose from a wide range of desking and seating options to enhance your Work Wall experience, and incorporate shelving, display stands and cubed storage boxes to customise your design to support you in your role.

Teaching Wall

Enhance your teaching space through our innovative storage solution, Teaching Wall, designed specifically for the educational sector.

Teaching Wall is the ultimate storage solution for your classroom and provides maximum space optimisation in a range of stunning designs. Create a focal point in the class room and house whiteboards and bespoke features such as a space for trays and students belongings.

Media Wall

Media Wall, a customisable storage unit for seamless integration and accessibility of audio/visual and digital equipment.

Designed for use in boardrooms, conference rooms, training spaces and breakout areas. Media Wall is the most stylish way to incorporate technology into a workspace's interior design, whilst safely hiding cabling and providing a secure fitted storage solution for employees and visitors.

Your Vision

At Your Workspace we will work with you to realise your vision. We offer our clients an end-to-end solution, with a single point of contact. With decades of experience in furniture design, manufacturing and installation, we are confident that we can create the right storage solution for your needs.

Having a factory based in the UK allows us a degree of control over production that most other British manufacturers lack. Our strong partnerships with the best global suppliers mean we have the best range of locking options on the market, and access to a huge range of quality materials. We're also able to produce matching office furniture and storage products.
