About Your Workspace

Your Workspace are the no.1 smart storage providers in the UK and have over 1 million users of our flagship product, Simplicity, worldwide. As market leaders, Your Workspace have helped organisations around the globe transition to an agile way of working through our innovative furniture designs and smart workplace solutions.

Working across a multitude of industries and with decades of experience; Your Workspace are matter experts in our field and are helping to shape the future of the workplace.

A Proud British Manufacturer

Your Workspace are proud advocates of British Manufacturing which gives us a level of control over our products which other companies who outsource their manufacturing cannot offer. Our two manufacturing sites based in the UK, one in Essex and the other in Norfolk, ensures our products are made to the highest standard and also allows the company to support the local economy.

With strong global partnerships and the best international suppliers; Your Workspace has access to the best range of materials, locking options and latest technology available which helps to secure our position as market leaders in our industry.

Essex

Our factory based in Essex specialises in all things metal, including sheet, ERW and precision 3-axis laser cut engineered components. From one-off prototypes for product development, to batches of high specification storage, to office furniture and high-volume production; we have a dedicated and skilled team on hand to manage all of our metal works.

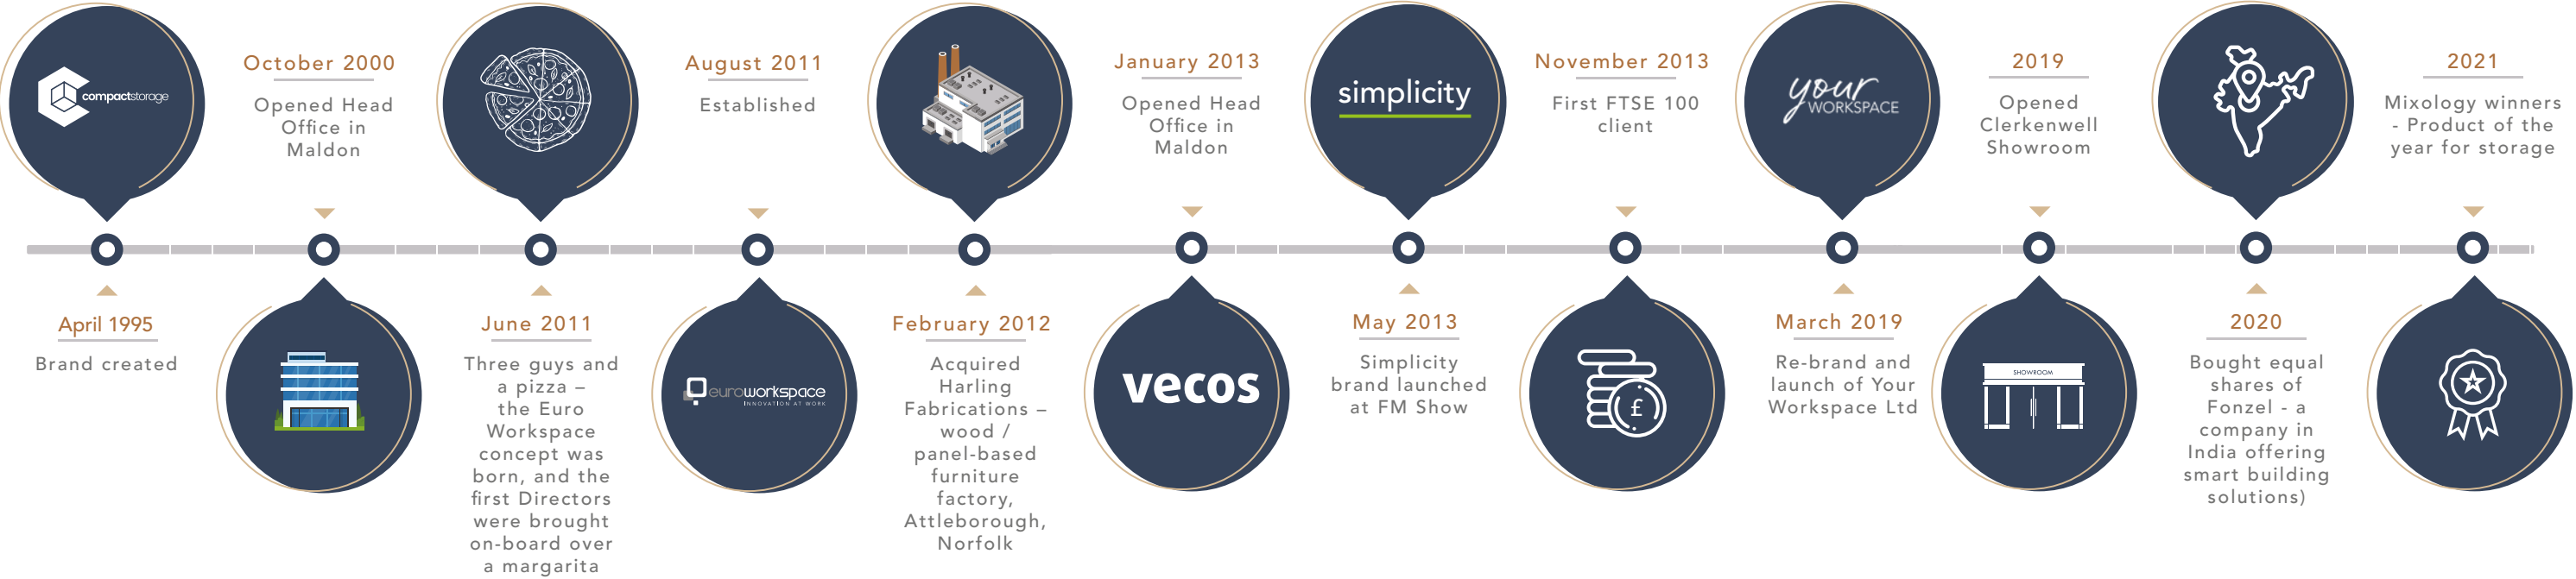

Norfolk

Our factory based in Norfolk specialises in all things wood. Our team of experts manage the design, manufactures and assembly of bespoke office furnishings utilising various ranges of complex materials to fulfil high-end clients design demands.

Our Core Product Portfolio

Simplicity

Simplicity helps client's transition to an agile or hybrid way of working through revolutionary technology that is integrated into each locker unit. Simplicity smart lockers provide businesses with a practical smart storage solution that can fit seamlessly into your workspace and can integrate with new or existing workplace apps and smart building systems.

Plexus

Plexus is a metal-framed and customisable storage unit that can be adjusted and reconfigured to meet the requirements of every workspace. The elements of Plexus ensure each system caters to each unique working style. Whether it be the need for open and collaborative workspaces, or the ability to create an individual environment; the simple yet effective design is both modern and multi-functional and caters to the flexibility needed in today's working world.

Storage Wall

Maximise your storage space and create a unique piece of furniture, that can also integrate smart technology, to fit seamlessly into your workspace. Our Storage Wall product will help maximise your usable storage space to ensure you are getting the most from your working environment. Our team can manage your storage project from initial ideas to design, manufacture to installation. We can integrate lockers, seating booths, desks/tables, AV units and much more into your storage wall design.

Sit-Stand

More than a desk! Our Sit Stand range reflects the need for diversity in the workplace and offers revolutionary flexibility for any modern working environment. The height adjustable Sit-Stand range allows desks to be easily and quickly adjusted to suit every individual need.

Your Pick-Up Point (YPUP)

Your Pick-Up Lockers can be applied to be every workplace, industry and market sector as the ultimate smart drop-off and collection solution.

From parcels to IT equipment and even dry-cleaning, the technology located in each locker door gives businesses and recipients a fully connected and automated smart pick-up solution which offers full visibility around usage.

Environmental Responsibility

Your Workspace are committed to leading the way in minimising the impact the business has on the environment. We are part of the Gold Standard, an organisation dedicated to reducing carbon emissions and promoting sustainable development within e-commerce. As a result, we will be offsetting our carbon emissions with an aim to becoming carbon neutral.

Our commitment to reducing our environmental footprint is also demonstrated in our manufacturing processes, designs, product use and disposals. The company use software programmes to maximise board usage during the cutting process to minimise waste, the majority is then used in our factories biomass boiler to heat the cutting and assembly rooms.

Your Workspace are also proud to have received our FCS accreditation.
