Your vision

It's important that your workspace looks good, but if it doesn't function well you won't achieve your goals. You need a smart space that makes communication and collaboration easy; an environment that brings people together and inspires them to do their best work. You need furniture and storage that supports your vision.

About us

We design, manufacture and supply contemporary workspace furniture. We're best known for our smart storage, incorporating the latest locking technology. But what makes us unique is our tailor-made approach to design, build and installation. We understand that every client and workplace is different, and we'll support you throughout the process.

Pedestals & Towers

(Prices available on request).

Technical specifications

Each of our pedestals and tower units come with a key lock as standard.

Wooden pedestals and towers come in White Pearl (K101) as standard. Our metal pedestals come in a range of finishes, as shown on p.4.

Features & Optional extras

Our metal pedestals come with a pen tray and anti-tilt system.

Wooden pedestals come with two personal drawers, and one filing drawer with filing cradle. A range of finishes are available on request (p.27).

For wooden pedestals and towers, casters, anti-tilt and soft close drawers are optional. We can also provide cushioned tops on request.

Planters

We offer a range of 250mm planters for the top of storage units. These can be added to storage wall products, lockers and cupboards from 740mm to 1400mm high. Planter requirements must be included in the initial order.

Delivery & installation

Choose from supply only, supply and delivery only and supply, delivery and installation. Our team can advise where installation is recommended. Pricing for all options is available on request.

We handle small deliveries ourselves, and use reputable haulage companies for larger projects. We have a team of reliable fitters and carpenters in-house. As well as our own software team for smart lock products, that provides training and support.

More information about delivery and installation can be found in our Terms & Conditions, and on quotations.
