

Your Workpod Solo.

A sleek and compact solo work pod.
A personal sanctuary for unparalleled focus.

Crafted for one, this ergonomic haven maximises productivity with customisable features, offering a perfect blend of style and functionality for a seamless work experience.

Modular design

98% recyclable

DDA compliant

Features & benefits

Ambient lighting

Adjustable interior lighting creates a conducive atmosphere for focused work, reducing eye strain and enhancing overall comfort.

Customisable

Can be personalised with graphics and vinyl wraps, offering a creative canvas to align with the brand identity or enhance the workplace aesthetics.

Easy to move

Designed for maximum flexibility, Your Workpod sits on super-strong, liftable castors enabling easy mobility and effortless relocation within a workspace.

Height adjustable desks

The ergonomic design promotes comfort and flexibility, as users can adjust the height of the desk between sitting and standing positions to adapt to their preferred work styles.

Motion sensors

Automatic, motion detecting lighting illuminates the pod on occupancy, providing user convenience and promoting energy efficiency by activating lights only when needed.

Quality interior decor

Features acoustic wall panels and Milliken carpet tiles, adding a touch of sophistication and professional aesthetics to the workspace.

Self-closing door

A soft, self-closing door for seamless and quiet access, ensuring privacy with a touch of convenience.

Soundproof

Eco-conscious, flame-retardant, sound absorbing high-density cotton panels are used to deliver a soundproof pod to a performance of approximately 31 decibels.

Space saving

The streamlined design offers balance between privacy and openness, making Your Workpod an ideal choice for maximising spatial efficiency in contemporary work environments.

Tempered glass

Equipped with tempered glass, providing a durable and resilient surface that enhances safety and also aids soundproofing.

Variety of colours

Available in a range of standard colours, or custom RAL colours on request.

Ventilation

A continuous flow of fresh, filtered air ensures optimal air quality within the pod, promoting comfort and productivity while maintaining a healthy and oxygen-rich atmosphere for occupants.

Interior acoustics made from **recycled** plastic bottles.

An **eco-conscious** design.

Your Workpod has an estimated 25-year life span, and can be ultimately recycled at end of life.
