

Staxx

The ultimate modular seating solution.

Perfect for workplace receptions and meeting rooms, through to lecture halls and hospital waiting rooms, Staxx features built-in storage, providing functionality without compromising style or comfort.

Designed with sustainability at its core, Staxx is created using eco-conscious materials and can be responsibly recycled at end-of-life.

Staxx features

Modular Design

Flexible, stackable seating that adjusts effortlessly to meet the needs of any space or activity.

Built-in Storage

Convenient compartments for seat cushions, personal items, or essential equipment.

Effortless Mobility

Glider feet ensure smooth movement across any surface without leaving marks.

UK-made Quality

Staxx modular seating is expertly crafted in our Norfolk factory, with seat cushions produced in Oxfordshire.

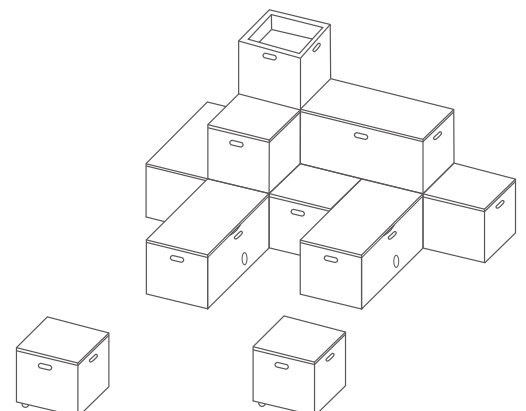

Sustainably Sourced

Built using eco-friendly materials from responsible, sustainable sources.

Fully Recyclable

Designed for a greener future, Staxx can be completely recycled at the end of its lifecycle.

Staxx benefits

Customisable accents

Personalise your setup with Staxx Toppers, available in six vibrant colours, to add a pop of style.

Optional wheelable castors

Effortlessly transport Staxx to any location for ultimate flexibility and convenience.

Optional integrated electrics

Convenient charging with a UK power socket, USB-A and USB-C ports for seamless connectivity.
